

AGERE INTEGRITY RELEASE FOR ARCGIS ENTERPRISE 11.x IS LIVE!

Atlanta, GA, Release: July 2025. For Immediate Release

Agere Integrity is now compatible with ArcGIS Enterprise 11.x including 11.3, 11.4 and 11.5. With this comes support for ArcGIS Pro 3.3, 3.4, and 3.5. This will ensure that pipeline operators are able to run Class Location, MCA, HCA, and Gathering Analysis with an environment that supports Esri's latest functionality!

- Full details about Agere Integrity's new app can be found at <https://agereintegrity.com>.
